Town Topics

Mrs. R. H. Mills, of Fernie, arrived in town last week to visit her sister, Mrs. C. E. Compton, and other friends.

We regret that for want of space we are unable to publish a large amount of choice local news in this issue. It will appear next week.

W. Forbes, who has been spending the past couple of months with friends in Ontario, and also in New York, returned home on Tuesday, coming via the C. N. R.

The sash and door factory was sold last week to Messrs. F. E. Algar, of Ponoka, and Snyder, of Okotoks, who are having the premises fixed up, and will have the plant in operation in a few days. Another industry in active operation in Wetaskiwin.

The "Belcher" "At Home" last Friday evening was one of the most enjoyable social functions ever held in the town. The hall was beautifully decorated and the large crowd thoroughly enjoyed the hop. The music was furnished by Mrs. Knight and Mr. Linn; and the verdict was that these young people are musicians of no mean order.

In our local last week referring to the new pressed cement brick yard to be located here at once, a topographical error occurred which belittles the value of the plant. The machinery being installed is valued at \$15,000, not \$1500 as appeared. As there are only three or four such industries in the west, we are fortunate in having Messrs. Lanan & McCormick locate here.

Ed. J. Muir and bride arrived last week from Ontario and are taking up housekeeping in a cottage on Thebes street.

Attention is directed to the ad. in this issue calling a meeting of the farmers at Camrose on the 12th inst. for the purpose of forming an association.

Miss Maud Sinclair returned last week from attending the Normal School at Calgary, and left on Monday for east of Ponoka, where she has secured a school.

Andrew Wallace has traded his interest in the livery business for W. Williams' general store business at White Brush. The exchange was made on Friday last.

F. B. Linden was a visitor at Edmonton this week on business. He reports that the government land office as well as the real estate men are doing what may justly be termed a "land office business." The hotels there are filled to their utmost capacity, and the visitor is lucky these days if he can secure one of the remnants of cots that night lie on the hallways. There seems to be very little palimony exhibited respecting Wetaskiwin advancing to the "city" stage, but on the other hand they were of opinion that it is going to be one of the drawing features in directing a good resident population to our city and towns north of us, with ultimate gain to Edmonton. Considerable anxiety was manifested regarding the establishment of our public market and stock yards, as the general opinion in Edmonton is that it is going to be productive of the greatest possible benefit to both that city and all the northern part of Alberta at large, as prices of live stock, owing to the competition which will ensue, will tend to greatly improve the condition of stock-raising in this northern country, and at the same time be the means of keeping considerable cash in circulation during the stringent money seasons of the year, besides giving employment to considerable extra labor.

*How about that wall paper Better see Stephenson.

*\$2.00 reward will be paid for information leading to the conviction of the person who removed a "Water and Pan" sign from the front of my store recently. - W. J. Stephenson.

*Book lovers in Wetaskiwin and district will be interested to know that Mr. W. J. Stephenson has arranged to open a branch of the Telford Inn Library in Wetaskiwin, and expects to have it in running order in a few days. All the latest books will be added to the library as soon as issued, and the fee is very small. Further announcement will be made later.

SPRING CLEANING

This is the time of year when the thoughts of the housekeeper turn to spring cleaning, and nearly all have some time or other during the winter thought—'Now in the spring I am going to have this room tinted'—or something similar.

Now this is what we have been anticipating and we have a large assortment of the most beautiful and delicate tints in the two standard wall finishes

Alabastine and Muralo

They are easy to apply and will make any room so much more bright and healthy and cheerful.

One packet will cover 50 square yards of smooth wall and the price is only FIFTY CENTS. Colors will not rub off and will wear as hard as cement. If you wish you can varnish over it.

We have a large stock of varnish and paint. In fact everything for making the house clean, bright and cheerful.

WEAK TIRED WOMEN

How many women there are that get no refreshment from sleep. They wake in the heart, and feel tired when they wake in the head.

They have a dizzy sensation in the head, the heart palpitates, they are nervous, weak and worn out, and the lightest household duties during the day seem to be a drag and a burden.

MILBURN'S HEART AND NERVE PILLS

Are the very remedy that weak, nervous, tired, sickly women need to restore them the victims of good health.

They give sound, restful sleep, tone up the nerves, strengthen the heart, and make rich blood. Mrs. C. McDonald, Portage la Prairie, Man., writes: "I was troubled with shortness of breath, palpitation of the heart and weak spells. I got four boxes of Milburn's Heart and Nerve Pills, and after taking them I was completely cured."

Price 50 cents per box or three boxes for \$1.25, all dealers or The T. T. Milburn Co., Limited, Toronto, Ont.

School Board Meeting

A special meeting of the School Board was held on Wednesday evening of last week with Messrs Fowler, Sharpe, Anderson and Kelly present.

A communication was received from P. C. Dobson, the principal chosen, to the effect that he could not commence his duties here before the summer holidays. It was decided to procure temporary help until that time.

The question of fencing the school grounds was left to Messrs. Anderson and Kelly to report on at a subsequent meeting.

The secretary was instructed to obtain particulars re the planting of trees on the school grounds and otherwise beautifying the premises.

Cow Testing Associations.

The table below gives the result of the first thirty day period at St. Edwidge, Clinton, Que., showing the average yield of each herd. Over 110 cows were tested altogether, but only those milking for the full 30 days are included in this summary.

Wetaskiwin Creamery
Opened
April 19th, 1905.

The Wetaskiwin Creamery was opened last week and already it is being well patronized. Mr. H. J. Donnelly, who so satisfactorily managed this industry last season, is again at the helm and the public have nothing to fear at his hands.

The patrons of the creamery last year received several cents cash more for the butter than their neighbors who did not patronize the creamery, hence it is reasonably expected that the creamery will have the largest patronage in its history this season. The contracts have been let for the hauling of the cream and everything is in readiness for the season. It is now in the interests of the farmers to begin patronizing the creamery as soon as possible, as the longer the season the more profit accrues to the patrons.

Communication.

To the Editor of the Times:

Dear Sir:—Kindly allow me to express in your valuable paper to reply to an unjust and scathing article which appeared in the Post last week against me.

We notice the editor of this paper (The Post) says he has been obliged to use the bias panel editor freely on our items. This may be true, to a certain extent. If our items were not up to the standard we agree that the use of the pencil was a good thing. He further says that "the author was inclined to sacrifice public opinion and news, to the purpose of raising religious views, whether borrowed or his own, we cannot say." We wish to inform you that the editor of the Post that we have always endeavored to get news material. We do not come to publish our "chances" if they have done other good news. Our three papers like the Post have never done or the work of the pastors simply because some people would suffer with a dog's head and a man's body. We are not ashamed to say that we think deep in our church work and in our country, each and every church in Canmore or elsewhere.

We notice that he further says that "our items" are "quaint little work by request." The request which he refers to only applied to one particular item and we believe he understood it this way. We do not have to request papers to write our items. I have had thought for one moment that our items were dated for the editor of that paper and we believe he understood it this way. We do not have to request papers to write our items. I have had thought for one moment that our items were dated for the editor of that paper and we believe he understood it this way.

Thanking you for your valuable paper, Mr. Editor, and trusting that this will make the matter more clear I am, Respectfully,
The Author of Canmore Chronicle.

Suffered Terrible Agony FROM PAIN ACROSS HIS KIDNEYS.

DOAN'S KIDNEY PILLS CURED HIM.

Read the words of praise, Mr. M. A. McLean, Boston, Bridge St., has for Doan's Kidney Pills. "I was in pain for three years. I have suffered terrible agony from pain across my kidneys. I was so bad I could not sleep at night. I consulted and had several doctors but they could not cure me. One day I saw a friend, I procured a box of your valuable, life-saving remedy (Doan's Kidney Pills), and in a few days my pain was relieved. I immediately sent for more. In my opinion Doan's Kidney Pills have no equal for the cure of kidney trouble." Doan's Kidney Pills are 50 cents per box or three boxes for \$1.25. Can be procured at all drug stores or will be mailed direct to you on receipt by The Doan Kidney Pill Co., Toronto, Ont.

Do not accept a spurious substitute but get "Doan's."
